

Lions of Illinois Foundation

Low Vision Program for Students

In 1991, Lions made a pledge to the children of Illinois.

Greetings Lions Club Secretary,

Please share this information with your club members.

As school continues into the new year, our Low Vision Program for Students continues to help those students who still need assistance with their low vision needs.

Last year through your generous donations, your Foundation was able to help over 300 students through our Low Vision Program and this 2019-2020 school year will be no different.

Your Foundation and collaborating partners: Spectrios Institute for Low Vision, the Illinois College of Optometry and the Chicago Lighthouse for the Blind, strive to keep this program and it's services alive and thriving by assisting all students in need. There was not one student turned away from receiving our Low Vision services last year and we would not want to turn any students away this year.

It is through the generous support from Lions Clubs throughout Illinois that we are able to continue helping students throughout the state.

We believe that no child needs to face blindness as their future.

Remember we are not just asking for donations, we are asking for the opportunity to provide a student with Low Vision a chance to excel in school, in society, in job placement, and in their future. With your support we can continue our mission to make a difference in the lives that we have pledged to serve.

Sincerely,

*Lion Trish Fisher
Interim Executive Director
Lions of Illinois Foundation
Phone: 815-756-5633*

Thank You for your continued support of this vital program.
